Nicole Scherzinger Talks About The Circus Tour And Leaving The Pussycat Dolls

APR 22, 2009 AT 08:33 PM

Nicole Scherzinger really opened up during her most recent interview with [PR.com](#) about her future plans for a single album and what life is like while on tour with Britney Spears. Remember that little rumor about **Nicole** being afraid to challenge Brit Brit to a dance off? She addressed that one too. :)

Tell me how The Pussycat Dolls ended up getting on the [Britney Spears Circus](#) tour.

We just have really dope people and she's got dope people, and they thought it was a really genius idea to put us together. It's like the biggest tour this year. It's so awesome for us to be able to have the opportunity to be here on tour with Britney.

Tell me about The Pussycat Dolls on tour. What can fans expect during shows?

The Pussycat Dolls on stage are pretty fierce! We're a full live show. We're working and you got to get up and work. We're all about connecting with the audience and having a good time. It's crazy, live singing and crazy, live dancing full out, full throttle and a lot of stamina and energy. It's very [interactive](#) and undeniable. We make you get up [on your feet](#). In the end, I don't care who you are, hopefully we've won you over *(laughs)*.

I heard that you said you'd be afraid to challenge Britney Spears to a dance-off.

I was doing an interview the other day and they were like, "Would you challenge Britney Spears to a dance-off?" And I was like, "No! I'm not going to challenge Britney Spears to a dance-off!" And then I read everywhere saying I'm afraid to challenge Britney Spears to a dance-off. I'm a cool chick, man. I'm not going to challenge Britney Spears to a dance-off. I'm on tour with her! We can dance together *(laughs)*.

Do you interact with Britney backstage? At one point you said you hadn't seen or spoken to her.

It's busy and these stadiums and venues are huge, so you're in two different sides of the arena. Then you go and you perform, and then you head off to the next city. I think the girls have seen her a couple times, but I'm always in and out. We're both so busy.

What projects are next for The Pussycat Dolls when the Circus tour wraps up?

We're just going back on our own tour, "Doll Domination," all throughout Australia and Asia, and Lady Gaga is coming out with us.

The Pussycat Dolls have collaborated with a lot of different artists in the past. Who are you collaborating with next?

I'm going to start working on my solo album again, and still working on The Dolls as well. I want to collaborate with Will.i.am and The Black Eyed Peas, and Lady Gaga, that's my girl who we're going to be on tour with anyway. A.R. Rehmen, we did "Jai Ho" together and he's an unbelievable producer, and Timbaland.
