## 1. Foster My Body Bath and Body Wash

Foster My Body creates products composed entirely of natural ingredients to gently cleanse and nourish your body. Smoke is an intoxicating, spicy scent made up of green tea and rosemary leaf extracts, but it's still light enough to wear in sticky weather without feeling overwhelmed. / Bath and Shower Gel, \$25; Body Hydrator, \$29 (both in Smoke)

## 2. Hard Candy Fast and Fabulous Setting Spray

The setting spray ensures that your makeup will last all day long without cracking, melting or settling into fine lines sans stickiness or added moisture. / Fast and Fabulous Setting Spray, \$6.50

## 3. I am Juicy Couture Eau de Parfum Spray

For a fun scent that smells like summer, opt for the latest offering from Juicy Couture. The airy fragrance opens with fruity bursts of raspberries and pomelo before blending into a light floral mix of gardenia, sweet pea and rose. Slight depth can be found in the dry down with notes of warm woods, musk and amber. / \$74/1.7 oz.

## 4. Hard Candy Sheer Envy Skin Perfecting Primer

With a price point under \$10, the most affordable way to melt-proof your makeup during the most humid summer month is by using this primer. Apply the sheer gel before your makeup; it dries with a matte, powdery finish that whisks away oil and hides large pores. / Skin Perfecting Primer, \$6

## 5. Clarins Mission Perfection Serum

This innovative serum uses acerola extract to prevent the signals within our body that lead to pigment disorders. It reduces age spots, discoloration, acne marks, dullness and redness. Plus, the enticing scent of cherries is simply irresistible. / \$72
