

## NAVA GRANTS COUPLE'S WISH

Nava Writz-Shoham, founder of Van Nuys, Calif.-based Nava's Designs, teamed up with *Good Morning America* to surprise one lucky couple with a free nursery makeover as part of the show's "I Need a Nursery Makeover" contest. The chosen couple, Michael and Marci Sanocki of Grand Blanc, Mich., are expecting triplets, but the cost of expensive fertility treatments depleted their decorating funds. In late November, cameras followed the step-by-step makeover process and revealed a beautiful nursery complete with interior design, bedding and accessories from Nava's Designs. In the coming months, *Good Morning America* will do a follow-up story after the birth of the triplets—one of whom will be named Nava.
